

# Fleet Graphics

## ksi fleet graphics

Korman Signs can produce eye-catching, cost effective vehicle graphics for cars, vans, trucks, trailers, fire/rescue vehicles and buses of every size using state-of-the-art computerized equipment. Our 3M™ reflective sheeting not only increases your vehicle's visibility on the road; it also increases the number of your visual impressions by 50%

both day and night. Decals can be produced on clear or non-reflective 3M™ vinyl sheeting in any shape, color or size. And our 3M™ Electronics Graphics System can take your photo, illustration or digital image and make it any size or merge it with other imagery. Korman Signs can do virtually anything you can imagine to your fleet stand out!

- **Versatility** — Graphics that will fit any vehicle, including curtain-sided trucks
- **Branding** — Bold graphics that show your logo and brand your company
- **Advertising** — Graphics that communicate your message or convey important safety messages. They're like a rolling billboard!
- **Identity** — Big, bold colorful graphics that identify your products
- **Enhancement** — Graphics that dress up city buses, trolleys, even rail cars

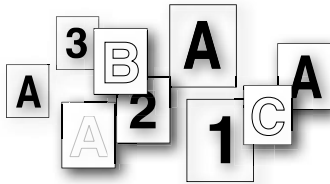

# Letters & Numbers

### Die-Cut/Kiss-Cut

Choose from several letter styles & heights that are available in Reflective or Non-reflective pressure sensitive 3M™ material. Letters & Numbers come 25 per pack in standard colors.

### Pre-Spaced/Pre-Masked

Choose from 1", 1.5", 2", 3", 4" letter heights that are available in Reflective or Non-reflective pressure sensitive 3M™ material. Letters & Numbers come 10 per pack in standard colors.

# Conspicuity Marking

3M™ Diamond Grade™ Conspicuity Markings for trucks and trailers which have an acrylic and polycarbonate construction designed to stand up to the rigors of the road and improve the visibility of trucks and trailers to approaching drivers. Conspicuity markings are six times brighter than conventional markings, reflect at angles approaching 90 degrees and are highly durable and non-corroding.
