

Traffic Cones & Barrels

Traffic Cones

Traffic Cones are manufactured using premium grade PVC injection molding technology, resulting in a durable, high quality cone with outstanding visibility day and night. Choose from a variety of cone weights and heights with or without 3M™ reflective cone collars. For additional stability we offer 7 lb. and 4½ lb. cone weights.

All cones and barrels meet NCHRP 350 and MUTCD requirements.

Product Information

PART NUMBER	WEIGHT	DESCRIPTION
WC12PO	1.8 lbs.	12" Traffic Cone
WC18PO	3 lbs.	18" Traffic Cone
WC28PO	7 lbs.	28" Traffic Cone
WC36PO	10 lbs.	36" Traffic Cone
WC36PO12	12 lbs.	36" Traffic Cone
WC36PO15	15 lbs.	36" Traffic Cone
PART NUMBER	WEIGHT	DESCRIPTION
WC18PO64	3 lbs.	18" Traffic Cone - Reflective Collars
WC28PO64	7 lbs.	28" Traffic Cone - Reflective Collars
WC36PO64	10 lbs.	36" Traffic Cone - Reflective Collars
WC36PO6412	12 lbs.	36" Traffic Cone - Reflective Collars
WC36PO6415	15 lbs.	36" Traffic Cone - Reflective Collars
PART NUMBER	WEIGHT	DESCRIPTION
WCCW7	7 lbs.	Traffic Cone Weight Stabilizer
WCCW5	4½ lbs.	Traffic Cone Weight Stabilizer

Reflective Cone Collars

3M™ Hi-Intensity Prismatic Grade Cone Sheeting Series 3340 is made specifically for the shape and chemistry of PVC traffic cones, available in 4" and 6" cone collars. Exceeds specification ASTM D 4956-04, Type III.

Stenciling

Traffic Cones can be stenciled with your company's name and/or logo. Choose from 2 options when ordering a stencil - an organic ink etch or screen printed design.

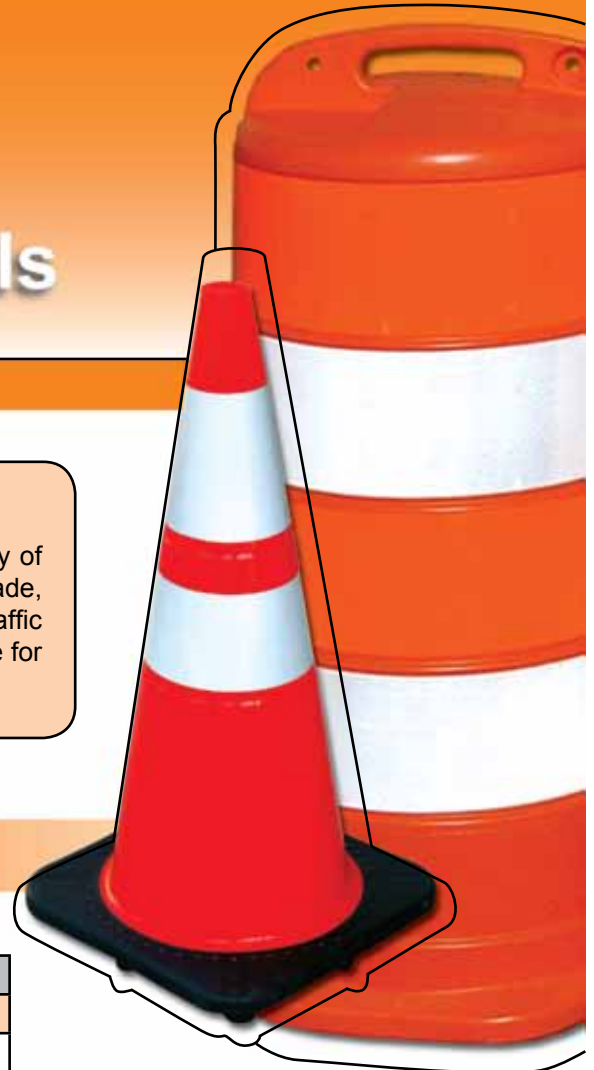

Traffic Cones & Barrels

Traffic Barrels

Traffic Barrels are fluorescent orange plastic and come with a variety of bases. Choose from 4" or 6" wide reflective stripes on Diamond Grade, High Intensity Prismatic or Engineer Grade. Also available are traffic barrels specific to individual state specifications. Please call our office for more information on barrels specific to your state - 800.296.6050.

All cones and barrels meet NCHRP 350 and MUTCD requirements.

Product Information

PART NUMBER	DESCRIPTION
WBH44HO	Traffic Barrel with 4, 4" High Intensity Stripes
WBH46HO	Traffic Barrel with 4, 6" High Intensity Stripes
WBH46DO	Traffic Barrel with 4, 6" Diamond Grade Stripes
WBH56EO	Traffic Barrel with 5, 6" Engineer Grade Stripes

PART NUMBER	WEIGHT	DESCRIPTION
1RWBHTB-BM	--	Plastic Snap-On Base (Use with Sandbags)
1RWBHTB-TR	22-25 lbs.	Rubber Tire Base
1RWBHTB-MR25	25 lbs.	Rubber Snap-On Base
1RWBHTB-MR40	40 lbs.	Rubber Snap-On Base

Traffic Barrels have the option of several different bases. Choose from a rubber snap-on base, plastic snap-on base (to be used with sand bags), or a tire base which slips over the barrel.

Snap-On Rubber Base

Rubber Tire Base

PART NUMBER	DESCRIPTION
WCCH4246HI	42" Stackable Channelizer with High Intensity Stripes
PROC1742KIT	42" "T" Delineator Post with Reflective Bands and Base

The Stackable Channelizer, with reflective bands, comes with a rubber base and large handle with holes for mounting lights. The "T" Delineator Post comes with white or amber reflective bands and rubber base.

Stackable Channelizer

"T" Delineator Post
